# Community Centres

## Derby's Community Centres – on your doorstep

Derby has a wide network of community buildings that are spread across the whole city and provide facilities for a wide range of community activities and events. The buildings vary from small halls suitable for children's birthday parties or meetings, to larger venues that can be used for sporting and physical activities.

Many are well used and have a good programme of activities. Others have space available to book if you would like to organise your own event or group.

The independent community centres are managed by the community and all have a community association management committee who deal with the day to day management of the centre. This means that the centres are managed by people who are committed to their local area to provide affordable and pleasant centres for local people to use.

If you are interested in booking any of the centres listed below, or would like more details on any of them, please contact The Community Centre Liaison team on **01332 715528** or email **[marg.cope@derby.gov.uk](mailto:marg.cope@derby.gov.uk)**

# VAT and Pricing

Prices listed in this brochure all exclude VAT except where specified.

Facilities for playing sport, or participating in physical recreation, are Standard Rated for VAT purposes. However if you are a school, club, association or organisation representing affiliated clubs or constituent associations, such as a local football league you might not have to pay VAT if you meet all the conditions below. **VAT exemption is not available to any organisation that is run as a business.**

- You must book a series of 10 or more sessions in advance
- Each session must be for the same sport or activity and be in the same place, although a different pitch, court or lane is acceptable
- The interval between each session must be not less than one day or more than 14 days. There is no exception for intervals greater than 14 days, which arise through events that can be reasonably predicted such as closure for public holidays. However, if we have to rearrange your session due to unforeseen unavailability of the facility on our part, this would not break this condition

- All the sessions must be paid for in full whether or not you actually use the facility. No refunds can be given in any circumstances
- The organisation to which the facilities are let has exclusive use of them during the sessions
- If you are a club claiming exemption from VAT, you must provide evidence, for example a list of members and subscriptions, details of designated officials such as a secretary and a treasurer and copies of accounts before exemption can be given.

Prices in this brochure are correct at the time of going to print but may be subject to change.
